## World book day- Escape Room

Between lessons 2 and 5 we were put into keyworking groups to complete an escape room.

We started off listening to the back story and our end goal was to find where Robert Burns' Quill had been hidden

All 3 groups took puzzles from the office and worked as a team to complete them; you were able to get up to 3 clues per puzzle. Once each puzzle was successfully complete, you could get the next and there were 10 to complete

Nurture started off well, The YR11's got themselves neck and neck with Nurture with the other group following closely.

Gold - YR11 group

Silver- Nurture

Bronze- YR8/YR10
