

Outcomes:

To explore nature.

Behave well in public.

Playing together

Budgeting

We all went pond dipping and walking around Manea Pits.

We really enjoyed catching fish with our nets in the pond. We managed to catch some really weird fish that we had never seen before. We had to do a lot of balancing so we do not fall into the pond.

We then went for a walk around the area which was fun and very windy.

We then went to the local shops and brought some refreshments. We had £3 pounds each so had to do budgeting to make sure we do not overspend which was very fun.

Quotes:

Its so windy

Nature is so cool

I've never seen that fish before
