

Outcomes:

- To Explore and learn.
- Behave well in public.
- To work on map reading.

Description of trip: Our last walk from Castle Rising to North Wootton and our last chance to find the sandpits and tree swings. It was a success as we found them. We set off along the same path and when we got to the woods, we turned left this time. After about 15 minutes of walking, we found the sandpits and, in the distance, we could see the tree swings. After a quick snack and a drink, we all enjoyed a swing on the tree swing. There were a lot of flying ants which we decided to stay clear of. They had made their nests in the sand. We set off back and enjoyed the pretty path one more time. Chatting and reminiscing about old times in Flamingos. When we got near the car, we could see a spotted fat bellied pig. We decided to give her the name 'Betty'. On the way home we played yellow car. One of the pupils fell asleep, so our teaching assistant won. Teachers 2, pupils 3. Thank you Cambian!

Quotes:

"I hope we find the tree swing"

"They are flying ants"

"What should we name her?"

Everyone has a personal best
