

On the 15th April CWC hosted the first ever networking event – the CWC LinkUP

The event was organised to start building stronger SEND networks. It was attended by professionals from a number of specialist, further education and higher education sectors. Through informal professional chats, we had opportunities to share good practice, challenge perceptions and identify strategic priorities for improved linking up and preparation of SEND students for next stages in life!

Cambian Wing College LinkUP

Building stronger SEND education networking
15th April 2026
10-12pm

Cambian Wing College is looking to LinkUP over coffee (tea or lemonade if you prefer) and cake!

As part of strengthening professional links, let's get together at Cambian Wing College!

01 The idea
We would like to invite teachers, learning support assistants, leaders, therapists, transition professionals to join CWC for a LinkUP event to enjoy practice sharing and exchanging tips and experiences of teaching and supporting young people. Come and share your experiences in a relaxed atmosphere of professional conversations!

02 What to bring
Just yourselves and your experiences! Perhaps also a resource/idea that has worked for you or a challenge that you're looking to overcome and would benefit from sharing with other colleagues!

03 How will it work
You will have opportunities to be grouped with like minded curriculum/area specialists for most productive, relaxed discussions!

It is very simple to express your interest!
Email Magdalene Lawrence (Assistant Principal - Education) by end of March 2026

LinkUP

- Professional conversation space
- Practice reflection 'chat' cards on the tables
- Share, reflect and challenge
