

**Outcomes:**

- Social skills
- Team building
- Nature

We had a brilliant day at Belton estate. We explored the out doors and then ventured into the indoor play areas where we all had a lot of fun playing around together. After an hour we started to get really warm from all that running around so we decided to go and play in the outdoor play area which was much bigger and more fun.

There was also a small river and waterfall which was so fun to watch. There were small dogs running around everywhere it was so much fun to play with them and pet them after asking their owners first.

**Quotes:**

This is so fun

Wow this play area is huge

Look at the deer
