

Outcomes:

- To Explore and learn.
- Behave well in public.
- To create a route and follow the map.

Description of trip: Another week, another walk ticked off. We went back to our first stopping ground: Terrington Saint Clement. We decided to walk different routes further away from the village centre. We spent most of the walk admiring the views, spotting the farms from the map and guessing which make the tractors were as they passed us. The fields were full of crops, mainly rapeseed and were glowing bright yellow.

We stopped for a break in the sun and played a game of get the foil ball (from our sandwich wrapper) in the sandwich bag. The reward was a rich tea biscuit and more walking! It was a thoroughly enjoyable walk and we managed to walk a total of 3.2 miles. Same again next week please. Thank you Cambian!

Quotes:

"What tractor is that?"

"A green one!"

"That's a Fendt!"
