

Outcomes:

- To Explore and learn.
- Behave well in public.
- Enjoy visiting a National Trust property.

Description of trip: What a glorious day it was at Peckover House. We certainly ordered the weather for our visit. We enjoyed being able to walk to our trip this week, as Peckover House is just over the river from our school. On arrival the appearance of wisteria proudly draped around the front of the building and borders the huge Georgian building was very impressive. We had full access to the gardens and what a delight they were. We explored them with intrigue. There was a little tea room and in the courtyard was a book shop. We enjoyed exploring the gardens and the greenhouse which had an orange tree in there. It was tempting to take an orange, but our teacher gave us the stare. We relaxed in the gardens on a bench in the sunshine reading a book and eating our snack. We spent a long time just chatting about transitioning to the high school site and enjoying each other's company. We saw such a variety of plants and trees. Our favourite part was the quiet hut which was in the secluded part of the garden. We will be back again for a picnic. Thank you Cambian!

Quotes:

"The gardens are incredible"

"My favourite place is the hut. I could do my key-read in here"

"Let's go to the bookshop"
