

Pitter Potter – Tenbury Wells

On Tuesday 28th April, we took 9 children to Pitter Potter in Tenbury Wells. This is a studio where you can choose a piece of premade pottery and paint it with glaze. This will then be fired and you have your own, unique creation to keep. Our students (and staff!) chose items from pandas to sharks to plates and dogs.

Louise, the studio manager, was there to help with paint choices and twiddly bits.

It was fun, it was creative and it flew by.
