

Getting spooky at Whinfell!

Pumpkin picking, creative carving & memories together

Pick your pumpkin!

Proud of our creations!

There's been plenty of autumn fun at Whinfell! The boys visited a local pumpkin patch, choosing and picking their very own pumpkins before heading back to bring their designs to life.

Creative ideas

Careful carving

Big smiles

Shared fun

With plenty of laughter along the way, each pumpkin became a unique creation. The boys were proud of their finished designs and couldn't wait to display them on the front steps for passers-by to admire.

More than autumn fun

Everyday experiences create opportunities to make choices, build independence and express creativity. Sharing the fun also helps young people create positive memories together — part of Whinfell's 24-hour curriculum.
