AI SAFETY

OUR Y11 PUPILS HAVE STARTED THEIR NEW TOPIC OF NAVIGATING THE ONLINE WORD IN PSHE. AS A PART OF THIS TOPIC, THEY ARE EXPLORING THE RULES AROUND, AND ETHICAL USES, OF AI.

OUR KS4 LIFE SKILLS CLASS CREATED THEIR OWN VERSION OF RULES THAT HAVE BEEN PUT UP AROUND SCHOOL TO INFORM OTHER PUPILS ON HOW TO USE AI SAFELY.

Rules for using AI - made by KS4 LS

Rule 1 - AI should be used for images like a sky background or removing people in the background, but not to make a photo look bad.

Rule 2 - If someone is talking to AI, they should be aware that it doesn't always give good advice. It could impact an individual negatively.

Rule 3 - Before using an AI app, make sure you read the reviews.

Rule 4 - Do not share any personal information on AI apps.

Rule 5 - Always read the terms and conditions before you agree to using an AI app.

Rule 6 - Make sure it is a reliable AI app to use.

Rule 7 - Be mindful that using AI apps can affect the environment around us.

Rule 8 - Keep an eye on if the AI apps are running in the background on your phone, or while you are sleeping.
